L.G. School Board Defers Budget Study

The Lemon Grove school district board of trustees agreed Monday night to settle down to the long, complicated budget study at the next meeting. The next meeting will be April 22.

On matters that were studied, the board adopted a resolution to deed an easement to the Telephone Co. on the San Altos site so that lines may be laid underground to service a nearby subdivision.

The board named Paul Sterrenburg, CPA, to perform the annual audit of the school's accounts. The fee is \$900.

A school building survey was completed and ordered filed with the State Department of Education. The survey is required to meet the Field Act requirements of earthquake hazard.

The District will accept bids on supplies April 26 to May 3 which staggers the dates with other districts. A legal notice of the determination will be advertised starting this week.

Eight Candidates Ready In Grossmont High School Race

There are eight candidates for two vacancies on the board of the Grossmont high school-junior college district. The winners will be decided at a school election Tuesday. Two of the candidates are those whose chairs are being vacated by the end of their elected terms.

The incumbents are Portia G. Goode and Robert E. Brown. Seeking to unseat them are George K. Birch, Anna M. Curley, Geraldine Gill, Dr. Lester Julian, C. E. Pewtress and Edgar Welty.

Mrs. Goode has been a member of the Grossmont board since 1956 and is being endorsed by Clarence Foster, a former board member and Mrs. J. Forster Coutts, a civic-charity leader of La Mesa. They

are co-chairmen of her campaign for re-election.

To Talk At Langhorst's

State Road Engineer To Show Jamacha-Sweetwater Proposed Freeway Routes

Where will the South Bay Freeway cut through La Presa and how far up Sweetwater rd. will the "belt-line" road go before leaving Sweetwater and veering to the east?

Answers to these and other questions will be sought for As-

sistant State Highway Engineer Jake Dekema Friday April 19 at noon when his newspaper sponsors a public meeting at Langhorst's Cafe at Jamacha and Sweetwater Spring Blvd.

Fred Hansen, La Presa civic leader is in charge of the luncheon arrangements but it is not necessary to have luncheon in order to attend the meeting.

Will Have Impact

"These roads will have a tremendous impact on the business communities of La Presa, Spring Valley, Casa de Oro and Lemon Grove," Max Goodwin, publisher of newspaper serving these communities pointed out. "We want to make as much knowledge available to interested parties as soon as possible," he said.

Goodwin pointed out that the meeting is informational only and that public hearings would come later.

Dekema said he would show maps of proposed routes and discuss as fully as he could the schedules. The route which swings through south La Presa near Sweetwater rd. and Jamacha Blvd. is route 280 established by Legislature as a freeway from US 101 near the Sweetwater River to US 80 near El Cajon. State and County funds are now building the section from Bonita Golf Course to Jamacha Blvd. He will also describe route alternatives.

To Discuss Routings

Dekema said he would also discuss various routings for the Sweetwater rd. improvement.

The State already has land as far as Mt. Miguel high school. It is not yet known where it will touch State 94 as it heads north and east toward Ramona.

The routes are being considered with an eye toward the overall economic and cultural needs of the community in addition to the traffic needs, he said.

Hansen said the lunch would start at noon and anyone could attend by buying his own meal. Those who wish only to hear Dekema may do so without charge by coming at 1 p.m.

SAN MIGUEL PTA PLANS TALENT SHOW

A talent show being sponsored by San Miguel Elementary's PTA will be held in the cafeteria on April 18 at 7:30 p.m.

Fifth and sixth graders will emcee the show. A skit is to be presented by San Miguel PTA Board members.

Fifth grade mothers will serve refreshments following the show.

The DIMMER VIEW

by MAX GOODWIN

Recommendation For School Board

School board elections is where many people have first contact with politics and we are advocates of more people offering their talents to their community by this process.

For this reason, reporters seldom use as strong language in revealing the character of the candidates as they would if it were a partisan, professional, paid political office being sought.

This permits some opportunists, with character defects or with partisan political coloration to appear more attractive than they should.

The public should be aware of these, nonetheless. The public should hesitate to support candidates who are working as school teachers for an obvious reason. He should not support those who lean too far to the right or to the left.

Candidates who have an axe to grind or who are being sponsored by political figures or who are using funds of political parties, should not be supported.

This newspaper will not spell out the defects of all the candidates in the three district school elections being held next week. Rather we'll give a guide so that lacking any opinion, the voter may know that his vote will go for persons who are known to be responsible, knowledgeable and dedicated to public schools.

In Lemon Grove we urge support of
ROBERT T. SJOGREN, AN ATTORNEY
LYLE H. STUMBAUGH, A CERTIFIED PUBLIC ACCOUNTANT

In the La Mesa-Spring Valley District:
ROBERT E. ANDRESEN, AN ATTORNEY AND
WILLIAM L. JOHNSTON, AN ENGINEER

In the Grossmont High School District:
PORTIA GOODE, INCUMBENT, A HOUSEWIFE AND
GEORGE K. BIRCH, A PURCHASER FOR GENERAL DYNAMICS

Whether these recommendations are followed or not, we urge each elector to go to the polls, cast his vote, and follow through enough to make certain that the winning candidate fairly represents his community in the coming years.

S.D. PRODUCES MORE MINERALS THAN ANY COUNTY IN U.S.

The Lemon Grove Men's Club paid homage to one of the town's first citizens Friday when a framed certificate was presented to George Casteel on his 80th birthday.

He is also one of the founders of the Men's Club.

Casteel's three brothers also attended to mark the event. Larry Freeman, manager of the east county office of the Union Tribune provided the program. He told of interesting back-country places he has visited and written about.

He described some of the "characters" who reside among San Diego's hills and valleys.

Manchester Boddy, the former newspaper publisher of Los Angeles is building an amphitheater on his "spread" that will permit an audience to watch S.D. County wild life feeding in the after-dark hours, he said.

Another resident commutes regularly from his back country home to his job in Chicago. Still another uses a helicopter to travel from here to L.A. where his business is, Freeman said. Still another is a meticulous keeper of rainfall measurements.

He developed an accurate chart showing flood cycles. He

states with firm conviction that the San Diego river will flood again soon and suggests that Mission Valley Center stockpile its mops and buckets.

"The County produces more kinds of minerals than any in the U.S. except oil," Freeman reported.

Imperial Avenue Home Hit Hard By Tuesday Early Morning Blaze

Extensive damage was done to a \$6,000 home at 8028 Imperial early Tuesday morning.

Firemen were called at 3:26 a.m. and found the flames well underway. Mrs. Tony Young, the occupant wasn't home.

Assistant Chief Ted Dixon said a defective floor furnace caused the blaze. The fire went up through the walls, which were damaged and into the attic, which was ruined.

The lower part of the house

and contents suffered less damage.

Owner of the house is Joseph Moore of 3837 Grove st. The Lemon Grove Fire Department still was trying to determine the exact loss from the fire late Tuesday.

On Tuesday early afternoon of this week L. G. Firemen doused a small fire in a car at Grove and Imperial. They said that an overheated transmission probably caused the fire. Damage was about \$100.

HANSEN, SHELLEY GET BONGED-UP IN ATHLETIC VENTURES

Grossmont College president Jack Hansen twisted his left ankle March 29 while practicing for a faculty-student basketball game.

He probably fared better than Griffin track coach Mickey Shelley who had a three-tooth bridge knocked out during the game between the Harlem Clowns and Grossmont high school and college district coaches played to a nearly-full house in Monte Vista gym March 30.

However Shelley had his damage repaired while president Hansen is still limping around.

SHOWS TALENT—A Mt. Miguel sophomore, Donna Drago shows promise as an artist. Already she is doing work very similar to that by Charles Addams, whose macabre cartoons in the New York magazine are popular. But Donna is by no means limited to the Addams' style.

The daughter of Mr. and Mrs. Harold W. Willette of 8837 Robie way, L.G., Donna said that she was practically "goaded" into the study of art in the seventh grade because of her family's interest in it. Now art engrosses her. She has decided on it as a career.

Mostly Donna works with colored pencil and watercolors. One of her pictures (see photo) takes about three days. "I just think

of what I want to draw or look through magazines for ideas," she said. "Sometimes I use real people as models."

Although some of Donna's work is abstract, she wants to do commercial art.

She has the abstract pastime of horseback riding. Also she collects records.

Donna's father is building a darkroom in the home so that he can go into photography, and he is enrolled in a photo course.

Mrs. Willette and Donna's two brothers—Bruce and Victor—and her sister Gale also have some art ability, making the family a very artistic one.

Debaters Argue Minstrel Shows Are Slander

The question as to whether minstrel shows should be condoned is the subject of a debate scheduled for Tuesday, April 16, at 8:00 p.m. at the John Ballantyne School, 165 Rancho Rd., El Cajon.

Earl Gilliam, Negro attorney and chairman of the Legal Redress Committee of the San Diego Chapter of NAACP, and Si Casady, editor and publisher of The El Cajon Valley News, are taking the stand that minstrel shows perpetuate an unwarranted slander of an ethnic group and should be discouraged.

Roger Duncan, Negro supervisor of Avionics Planning at N.A.S., North Island, and Gene Lyle, will argue that their opponents are asking for censorship which, if invoked, will do more harm than good in the cause of civil liberties.

Dr. Thomas Gillette of the Sociology Department of San Diego State College will moderate. The affair is free, open to the public, and questions from the audience will be invited.

Letters To The Editor

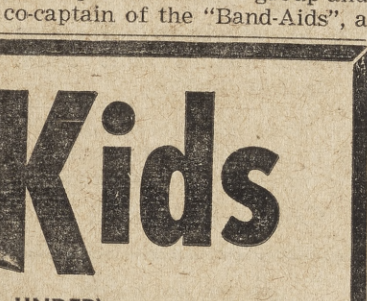

READER ASKS PAPER TO PUBLISH KUCHEL, VAN DER LIND LETTERS

Dear Editor:
For the benefit of your readers I would appreciate your publishing a copy of letters I sent to U.S. Senators Thomas Kuchel and U.S. Representative Lionel Van Der Lind last week.
Honorable Sir:
I am the pastor of a congregation of 700 people in a small suburb of San Diego, California. I feel that I represent our local Homeland Pastors, Methodist ministers, and people when I write to you opposing the proposed revision of the Federal Tax structure recently presented in Congress.
This proposed tax legislation is detrimental to churches, universities, colleges, hospitals, and other institutions dependent upon gifts for their support.
This proposed tax structure will hurt our American civilization by reducing the incentive to give—by penalizing the donor, and by making available to the churches and other organizations much less money for their work.
The proposed tax revision should be commended for reduction in income tax rates. However, the provision of the

proposed tax legislation which deducts 5% of gross income before giving credit for charitable gifts is a tragic blow to our traditional and constitutional right for voluntary support of our religious and other institutions.
Relief in the burden of the individual American taxpayer can be effected by a slightly less reduction in rate of income taxes, without any 5% floor before allowing credit for donations, local taxes, etc.
I sincerely hope Congress will not enact this legislation and will protect our basic freedoms which have given our country its moral and spiritual heritage.
Sincerely yours,
Dr. Jordan E. Detzer
Pastor
L.G. Methodist Church

GROVE BEAUTY MARCHES ON

Dear Editor:
I am sending a short news item (see below) on our daughter Karen—she is a finalist in the Miss San Jose Pageant.
We lived in Lemon Grove for more than 10 years. In fact, your newspaper sponsored Karen's Brownie troop at Monterey Heights school.
Karen was runner-up as Teenage Miss and you had her pose as Miss Lemon Grove Merry Christmas one year.
She was active at Mt. Miguel as a Commissioner and she marched in the band and played in the orchestra. She also danced several seasons in "Starlight Operas" before we were transferred north.
Sincerely,
Mrs. M. F. McKinney
4337 Isle Royal
Fremont, California
PS: We still subscribe to your paper.

KAREN MCKINNEY
Karen Lee McKinney, formerly of Lemon Grove is a finalist in the Miss San Jose Pageant. She was graduated from Mt. Miguel in 1961 and is now a sophomore at S.J. State. She is president of "Spears," a women's sophomore honor group and co-captain of the "Band-Aids," a

dance group that performs with the Spartans band at football games.
Ten finalists for Miss San Jose will compete in formals, and swim suits April 27. A talent test is also part of the competition.
SARAH BETTS WRITES FROM BETHESDA, MD.
Dear Editor:
Greetings from the Betts in Bethesda, Md. We miss Lemon Grove but the Washington area is nothing if not interesting.
We love the home here — Colonial and Cape Cods — which all look enormous because they all have basements. The roads leave much to be desired, especially for Californians used to much better ones. What amazes me is that more than a million people go in the District of Columbia each work day — and get there on time.
The children have not had trouble making friends but schools here are more difficult. French in grammar school, for example.
I went to work recently in Postmaster General Ed Day's office. It keeps me in touch with national affairs and with our very fine California Congressmen.
What has amazed me is I had been in complete ignorance of how the District of Columbia is governed. People here are optimistic about the President's interest in them and feel that now, some of the things that have long been needed, will be done.
The first week here I attended a reception for Vice President and Mrs. Johnson, both of whom I met before in California.
It is interesting to note all the Californians here in responsible jobs. I see Fred Dutton, assistant Secretary of State and Jim Carr, Under-Secretary of Interior and many other Californians in government who seem pleasantly surprised to see me here in Washington.
We'll be moving this month to a house a half mile nearer work. We'll continue to rent until I sell the house on Palm street in Lemon Grove.
Washington is a town of many wonderful places to eat and you've never seen so many long, black Cadillacs and Lincolns. There are more women than men and it's acceptable for groups of women to go almost anywhere unescorted.
I have met several wonderful women, and have made several friends, so I am not too lonely... except of course, for all of my old friends in Lemon Grove, San Diego and Sacramento.
But we'll be back some day — a lot of people we love are still there.
When you see any of my former friends please say "hello" for me to them. I'd love to hear from them about what's doing there.
Sincerely,
Sarah Betts

the antics and wastefulness of taxpayer's money by another U.S. Representative, Harlem's Adam Clayton Powell, Jr.
Congressman Clayton charged that, among other things, taxpayers had paid for more than 30 trips for Powell and his entourage to a \$45,000 beach home in Puerto Rico. He also said that Powell had turned in 19 vouchers in 22 months for travel in Puerto Rico or "places unknown."
Powell also raised a strong reaction when he went night-clubbing in Paris last year with two women staff members. Powell later claimed at a press conference that he was justified in doing what he did because "every other Congressman is doing (it)."
Congressman Powell, being a Negro, threatened to invoke the wrath of the N.A.A.C.P. against those who dared discriminate against him by criticizing easy spending.
There really isn't much we can do about Congressman Powell because we can't influence a vote against him in Harlem... but if he feels that the N.A.A.C.P. is a defense against those who would limit the amount of taxpayer's money he could spend, why couldn't we institute a N.A.A.W.P. (because it was Powell who said race was the cause) as an "equal rights" organization.
Forming an "equal rights" organization seems no more idiotic to us than Powell calling in the N.A.A.C.P. to put down complaints about his tax wasteful activities.

A Checklist For Candidates

We have loosely interpreted here a checklist for schoolboard candidates from "California School Boards" a monthly publication circulated among the state's school boards.
We urge you to measure each candidate against this checklist and see if you can answer "yes" to every question except 4 and 5.
We suggest you carefully consider whether the candidate has a lay point of view as opposed to the school professionals.
We urge you to consider whether he is bringing partisan politics in... or a cause... or whether he represents a faction or a geographical area?
In any event, measure candidates against this list and see how they rank.
1. Is the candidate known and respected?
2. Has he an unselfish interest?
3. Has he time for this position?
4. Does his personal interests conflict?
5. Does he seek position, prestige or political gain?
6. Does he have a position of recognized leadership?
7. Will he represent the district as a whole?
8. Is he a public education layman?
9. Does he have good moral and spiritual values?
10. Is he familiar with the educational, cultural and economic resources and needs of the community?
11. Can he recognize the cross currents of community thinking on school matters?
12. Can he think independently and objectively?
13. Does he reserve judgement until all facts are in?
14. Will he work to develop unity and harmony on the board?
15. Will he know the difference between board and administration responsibilities?
16. Will he be loyal to his trust yet gracefully accede to the decisions of the majority?
17. Does he have the courage and ability to follow unpopular decisions?
18. Will he aid in explaining school programs and problems to the community?
19. Will he be cheerful when public appreciation seems lacking?
20. Does he have a sense of humor?

DONOVAN BILL TO EASE FEES ON CAMPSTERS

Legislation introduced by Assemblyman Richard J. Donovan (R-Lemon Grove) to prevent double taxation of camper owners passed the State Assembly by unanimous vote this week. The bill will exempt "Campers" on trucks from state truck weight fees. Camper owners in some areas have been given citations and required to pay weight fees due to confusion in the existing statute. A "camper" under the Donovan bill is a structure designed to be mounted on a motor vehicle, usually a pickup truck, to provide housing.

"Camper" owners should not be assessed weight fees in addition to the commercial fees already paid on pickup trucks when a camper is temporarily added for a weekend or vacation trip," Donovan said. "This was also the opinion of the Attorney General." The measure does not change the law where a permanent alteration has been made.

Donovan forsores no opposition in the Senate. "Senator Jack Schrade is a co-author of the bill, and he will shepherd it through the upper house."

LET US ALL PRAY TOGETHER AS A FAMILY

Calvary with all of its blackness and injustices looms before us in graphic clarity to proclaim the mercy and love of God. The Divine Son of God yielded Himself to ignominy to "bear the sins of the whole world." Who could reject believing in Him as Saviour?

Christ's Triumph Over The Flesh, C.S. Sermon Topic

The meaning for today of Christ Jesus' complete triumph over the flesh will be emphasized this Sunday at all Christian Science churches.

Golden Text: "There is therefore now no condemnation to them which are in Christ Jesus, who walk not after the flesh, but after the Spirit" (Romans 8:1).

The Bible Lesson is entitled, "Are Sin, Disease, and Death Real?" Related readings include this passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (p. 233): "Every day makes its demands upon us for higher proofs rather than professions of Christian power. These proofs consist solely in the destruction of sin, sickness, and death by the power of Spirit, as Jesus destroyed them."

LAURITZEN IN ARMY EXERCISE IN GERMANY
BUDINGEN, GERMANY (AHTNC) — Army PFC Vernon A. Lauritzen, whose wife, Mary, lives at 303 N. 47th st., San Diego, recently participated in the 3rd Armored Division's command post Exercise SNAP SHACKLE at Bidingen, Germany.

The exercise consisted of various phases of mock warfare such as night and intelligence training, road marches and the readiness of communications personnel under combat conditions.

Lauritzen is a wireman in Headquarters Battery of the 83d Artillery's 2d Howitzer Battalion regularly stationed in Bidingen. He entered the Army in September 1961 and was last stationed at Fort Ord, Calif., before arriving overseas in February 1962.

FOUR OF FIVE BLOCKS BACK FROM HOSPITAL

The Vernon Block family is back home again.

Well, almost all of them. Natalie Block, the couple's 13-year-old daughter is still in the Hemet Community hospital where she will be for a "couple more weeks," her father said.

All five of the Blocks, who live at 2305 Washington, Lemon Grove, were seriously injured in an auto accident east of Hemet March 3.

The driver of the other auto involved in the head-on wreck which was followed by an explosion was killed.

Block, employed by the Golden Construction Co. as an engineer, is now able to get around by use of a wheel chair and crutches. His wife, Norma, is still bed-ridden.

Richard "Mike," 11, came home three weeks ago and Laurie, 10, came home two weeks ago.

Stamp Windfall

Natalie Block, who requested green stamps in lots of 10, to while her time away while she is recuperating in the hospital received a windfall of the sticky little things this week.

Irv Marder, who operates a stationary store on Broadway in Lemon Grove sent her five book size pages of them . . . a thousand stamps in all. He said he had just taken on green stamps that week and he took the first ten pages of the first supply he received and sent them to Natalie.

Natalie is having a vision problem from a head injury. Her leg which was broken in the accident is still in traction.

ra, the 6-year old, came home four weeks ago.

Vernon got home Saturday and Norma came home Sunday. "Being home is better than any medicine," Vernon said.

The family has had a lot of company. "Our home is open to all. We love company," he added.

He said the family is "doing real fine" from both a health as well as a financial point of view.

"We are getting \$75 a week State Disability and I have a small disability pension from the government which pays the house payments," he said.

Betty Ruiz of Palm Jr. High PTA and Mrs. Stanley Yanchul of the L.G. Co-ordinating Council are co-chairmen of a committee to accept and pass on to the Blocks whatever is contributed. Dr. Jordan Detzer,

minister of the L.G. Methodist church serves on the committee with them.

The family had an insurance policy which paid \$1,000 a member for injury expenses and a Blue Cross policy which will cover much of the medical care costs. Fellow employees at Golden Construction collected a "substantial sum" which covered some of the current expenses.

Wheel chairs have been provided and contributions in cash have been made by some of the readers of this newspaper.

Palm Junior High where, Natalie attends schools, gathered \$111.05 which was turned over to the Blocks.

"We're as happy as we can be," Vernon said Tuesday. "I

H. RUIZ HAS STROKE

Betty Ruiz, president of Palm Junior High PTA who is co-chairman of the Block Aid Committee, suffered a small tragedy herself last week when her husband Herbert was taken to Navy Hospital after he had a minor stroke.

Mrs. Ruiz said he underwent several tests and these indicated that he is "going to be alright."

"He is resting comfortably," she told this newspaper Tuesday.

The Ruiz' live at 8029 Longdale dr., L.G.

had no right to come out of the accident alive but not one of us lost a much as a finger. We're lucky, I guess."

He said Natalie is enjoying correspondence and green stamps being sent by the good people of Lemon Grove.

Natalie's address is Hemet Community hospital, Hemet, Calif.

Mt. Miguel Singers To Take Some U.S. Culture To Ensenada

Mt. Miguel will continue a cultural exchange program it started five years ago when it sends the Concert Choir and Girls' Ensemble south to Ensenada, Baja California to present two concerts on April 27.

The first will be a morning program for university and

high school students of the town. The second will be an evening performance for the community.

Choral director Robert Boucher said, "Music is a wonderful means of achieving a feeling of oneness among people. We are continuing the cultural exchange program to help development of human understanding and closer relationship with our neighbors to the south."

Going with the Matador singers to the Mexican town will be officers of the International Club, students from fourth year Spanish classes, and Spanish teachers Ann Alderson, Mrs. Ann Levens, Robert Rexer and Edward Villarreal.

Ray Whitmus, American Field Service foreign exchange student who recently returned from Argentina and Gail Peritt will emcee the Ensenada programs.

Several years ago the two churches had a pulpit and choir exchange.

On Easter Sunday there will be a Sunrise Service at 5:15 a.m. for Trinity's entire congregation. It will be sponsored by the Clippers on the east lawn of the church where a view is available. There will be three Easter services—8, 9:30 and 11 a.m.—and the Chancel Choir will sing at each.

There will be childcare and nursery at 8 a.m. with church school at 9:30 and 11 a.m. for juniors and younger. Youth and adult classes will not meet.

The leaders are: Charles K. Twohey, Troop 31; Bill Jackson, Troop 147; Lloyd Board, Troop 298; Raymond Sanders and George Perisho, Troop 301; Glenn German, Troop 311; H. L. Dale Kephart, district training chairman, said they were among 193 leaders in the Council honored for their participation.

The Showando was an all day training session sponsored by the Council. It included "learn by doing" in 20 basic Boy Scout skills, Kephart said.

"The Scouts in this area will benefit greatly from the training and experience these leaders received," he said.

The vocational experience is being offered by the Scout Council in cooperation with State and Federal Forestry Departments, the San Diego Water Authority and the State Fish and Game Department. The five-day program will include show and do projects in forestry, fish identification and tagging, fire control and conservation, Wilson said.

Instructors will assist the participants in actual work projects.

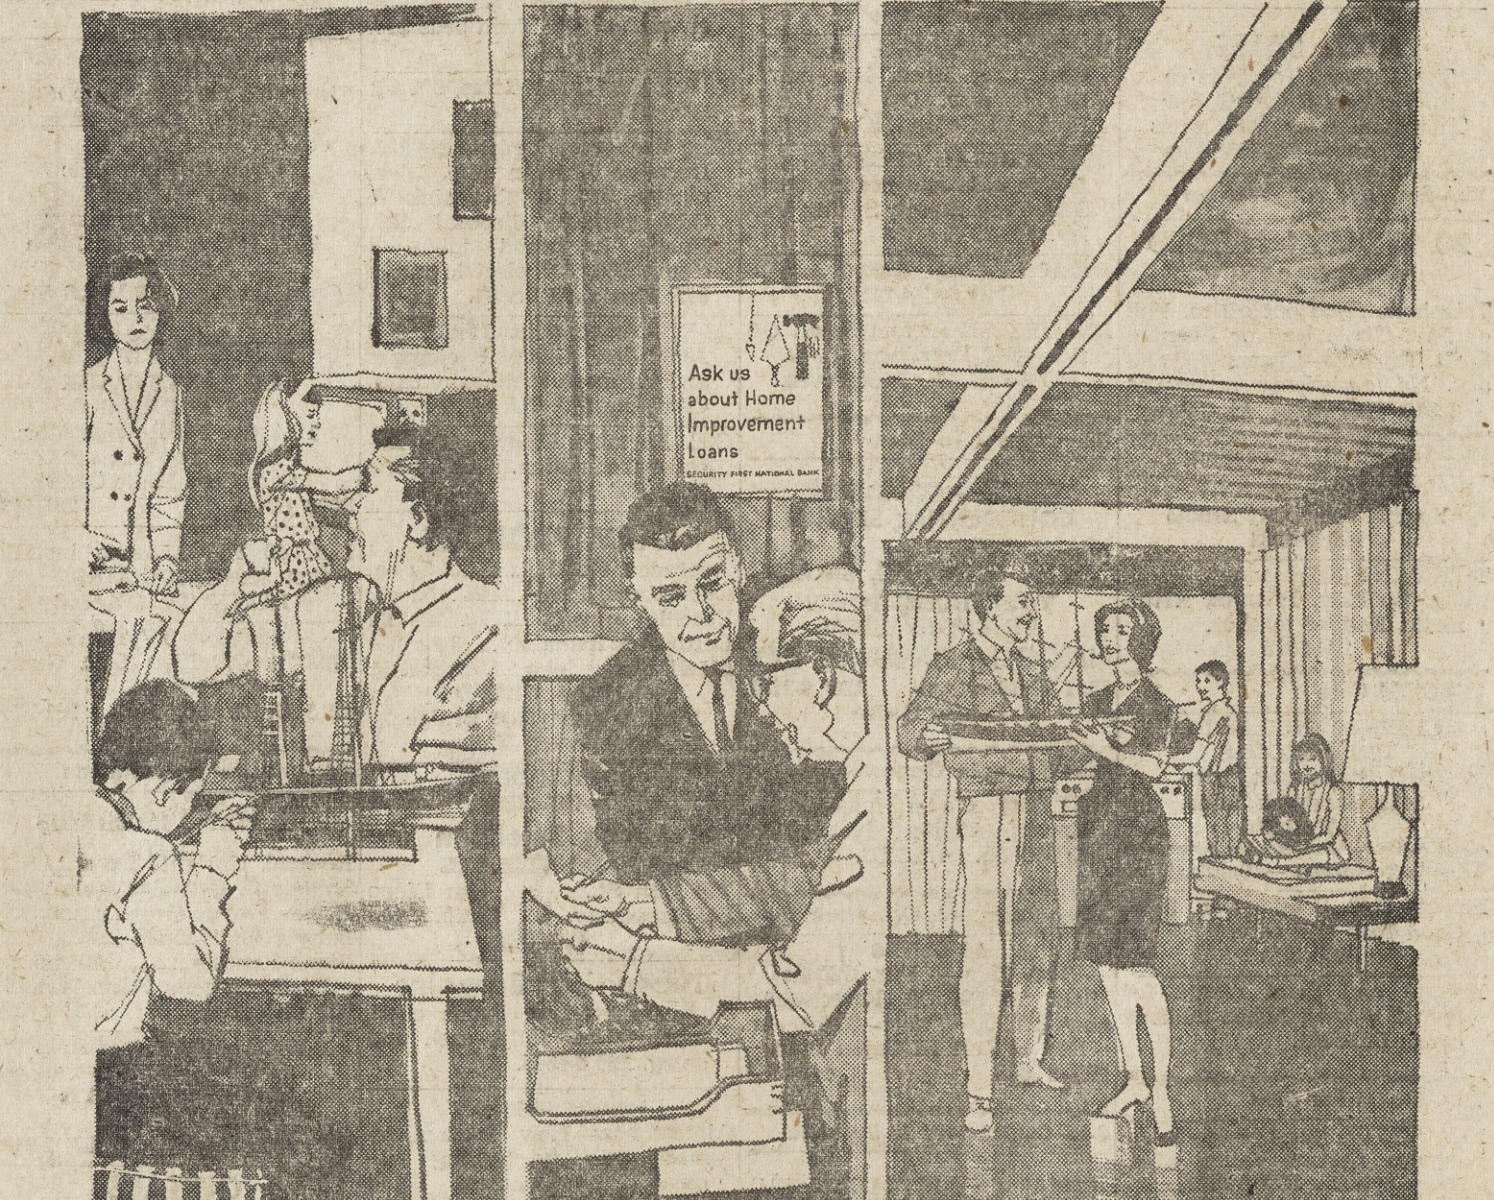

In addition, Wilson said, there will be plenty of time for Scout-leader recreational activities.
